## The Association of THIRD WORLD Studies, Inc.

In order to establish a structure for the organization of Third World Studies on an international scale, Dr. Harold Isaacs, Professor of History at Georgia Southwestern College, founded the Association of Third World Studies (ATWS) in 1983. The ATWS is now the largest professional organization of its kind in the world.

ATWS's first annual meeting was held on October 21, 1983, at Georgia Southwestern College with the theme being "Activities of U.S. Citizens in the Third World." The proceedings of that meeting constituted the first issue of the Association's scholarly periodical, the *Journal of Third World Studies*, published in the Fall of 1984.

From this modest beginning, the *Journal* has become a bi-annual publication of more than 350 pages per issue of peer-reviewed articles and book reviews, with a Board of Editors composed of internationally recognized scholars.

The Association's Executive Headquarters is located at the Center for International Studies, Georgia Southern University, Statesboro, Georgia.

### ATWS OBJECTIVES

1. Provide ongoing open forums to discuss and analyze Third World problems and developments from different perspectives or viewpoints, and thus improve understanding of the underlying forces shaping the destiny of the Third World and impacting global developments.
2. Promote professional development through the encouragement of research, publication, and teaching in the area of Third World Studies.
3. Facilitate professional and social communication by sponsoring activities that will bring together persons interested in Third World Studies.
4. Promote the enhancement of the quality of life of Third World peoples through formal association with private and public institutions involved with development of

ASSOCIATION OF THIRD WORLD STUDIES, INC., publisher of the *Journal of Third World Studies*, a scholarly and provocative periodical on Third World problems and issues, the pioneering effort in Third World Studies.

## The Association of THIRD WORLD STUDIES, Inc.

In order to establish a structure for the organization of Third World Studies on an international scale, Dr. Harold Isaacs, professor of history at what was then Georgia Southwestern College, founded the Association of Third World Studies, Inc. (ATWS) in 1983. The ATWS is now the largest professional organization of its kind in the world.

ATWS's first annual meeting was held on October 21, 1983, at Georgia Southwestern College with the theme being "Activities of U.S. Citizens in the Third World." The proceedings of that meeting constituted the first issue of the Association's scholarly periodical, the *Journal of Third World Studies*, published in the Fall of 1984.

From this modest beginning, the *Journal* has become a bi-annual publication of more than 350 pages per issue of peer-reviewed articles and book reviews, with a Board of Editors composed of internationally recognized scholars.

The Association's Executive Headquarters is located at the Center for International Studies, Georgia Southern University, Statesboro, Georgia.

### ATWS OBJECTIVES

1. Provide ongoing open forums to discuss and analyze Third World problems and developments from different perspectives or view points, and, thus, improve understanding of the underlying forces shaping the destiny of the Third World and impacting global developments.
2. Promote professional development through the encouragement of research, publication, and teaching in the area of Third World Studies.
3. Facilitate professional and social communication by sponsoring activities that will bring together persons interested in Third World Studies.
4. Promote the enhancement of the quality of life of Third World peoples through formal association with private and public institutions involved with development in the Third World.

ASSOCIATION OF THIRD WORLD STUDIES, INC., publisher of the *Journal of Third World Studies*, a scholarly and provocative periodical on Third World problems and issues, the pioneering effort in Third World Studies.
